

MEMORANDUM FOR: Comptroller

ATTENTION : Chief, Organization and Methods Service

SUBJECT : Code Designations

1. I know that the attached proposed Regulation has been given a great deal of thought and has been concurred in by almost everyone concerned. I also note that a great deal of work was done on the subject prior to the Director's 15 July memorandum concerning the organization of the clandestine services. In this memorandum, while it was clear that all orders to the field would be transmitted in the name of the Director, it was also stated that "Technical and professional correspondence will be kept as informal as possible and will be encouraged between the Area Divisions, specialized staffs in Washington, and their counterparts in the field."

2. The proposed Regulation would prohibit the use of

25X1A

confined to offices in the Deputy Director (Plans) complex. If so, I doubt if our Regulation is entirely adequate.

3. Please review and discuss with me at your earliest convenience.
